

# Asher Round Marble Coffee Table

1530.00 €

Meet Asher, the conversation-starting coffee table that marries Nordic pine and oak with a swirl of white marble. A brass-finished zinc base gives it jewelry-box glow while anchoring the whole room. Hand-stained wood meets stone in reinforced mortise-and-tenon joints—no wobble, just quiet strength. The protective lacquer keeps the glow alive through coffee mornings, game nights, and everything between. Ready to elevate your lounge? Asher lands fully assembled; just position and admire.
