

Andaz Outdoor Chaise

1845.00 €

All-weather frames are constructed of kiln-dried, cross-directional, marine-grade plywood—the same wood used to build boats.

Frames are reinforced and weatherproofed for added stability and durability.

Our outdoor cushions are mold- and mildew resistant; sustained by an outdoor elastic support system for added resiliency.

Lofty, zippered outdoor cushions are padded with high-resiliency, antimicrobial foam covered in InsideOut Performance Fabric®.

InsideOut Performance Fabrics are made from durable polyester and polypropylene fibers, which are bleach-cleanable, fade-resistant, anti-mildew, and eco-friendly.

Polyester fibers encase foam cushion cores to provide additional comfort.

Cushion fill is completely sealed in water-repellent coverings to enhance cushion strength and longevity.

Replacement cushions can be ordered to complement your Siena living outdoor furnishings. Order cushions in a different fabric to completely transform the look of your space.

Includes two 20" toss pillows and a kidney pillow for maximum comfort.

Protect your outdoor furnishings with resilient Sur Last® covers—specifically tailored to fit Siena living outdoor collections. Call, email, or live chat with our design team to learn more.
