

Valletta Hand Finished Leather Sofa

2775.00 €

Sink into the Valletta—where Italian-tanned aniline leather meets cloud-soft feather wrap. The frame is hardwood forged on recessed iron legs, so it feels solid even when the movie marathon stretches past midnight. Inside, recycled-steel springs and plant-based foam cushions keep their shape year after year, while the feather topper gives you that irresistible sink-in sigh. Each hide is hand-rubbed to reveal its unique grain, so no two sofas ever tell the same story. Want a sectional, different leather, or an extra-long chaise? Chat with our Design Team and build the Valletta that fits your life—and your living room—perfectly.
