

Everett Teak Sideboard Vintage Brown

1740.00 €

Old soul, new story. Hand-built from solid teak, the Everett sideboard wears a hand-painted, wax-sealed finish that feels decades in the making. Behind every door and drawer you'll find roomy storage for dishes, barware or board games—perfect for dining rooms that double as hangout zones. Because the wood's grain and distressing are done by artisans, no two pieces match—your sideboard is one of one.
