

# Asher Writing Desk

2400.00 €

Asher pieces with a Honey finish are constructed from European white oak wood with oak veneers; Liath Smoke, Ebony, and Mocha finished pieces are constructed from Finnish pine with oak veneers.

Craftsman-built pieces feature reinforced mortise-and-tenon joinery for added strength and stability and are complemented by white marble or bluestone tops.

Zinc-alloy finger pull hardware on the center drawer features a light brass finish.

Hand-stained finishes on reeded wood surfaces include a protective lacquer coating for subtle sheen.

Levelers on the bottom of each leg ensure the desk sits evenly on uneven floors.

Complete the look with our collection of other Asher furniture and storage pieces.
