

Jules Upholstered Bed

1350.00 €

Meet Jules: the bed that turns every night into a five-star stay. A craftsman-built hardwood frame hugs your mattress—no box spring needed—while the wraparound headboard invites late-night reads and lazy Sunday scrolls. Wrapped in stain-shrugging, odor-blocking Crypton® Home fabric, Jules laughs at coffee spills and pet paws. Tuck bedding neatly into the generous frame for that crisp, boutique-hotel finish. Want it in sunset ochre or deep-sea teal? Swap fabrics with a quick chat to our Design Team. Grab a free swatch first and fall in love before it reaches your door.
