

# Sequoia Leather Sofa Floating Design

2925.00 €

Meet the Sequoia Sofa, where masterful craftsmanship meets modern elegance. Built with reinforced solid hardwood frames and supported by a no-sag spring system, this sofa is engineered for exceptional durability and day-to-day comfort. The innovative inset solid wood legs create a stunning floating silhouette, elevating your space with a touch of architectural beauty. Sink into plush, high-density foam seat cushions wrapped in soft poly fibers for the perfect blend of support and cloud-like comfort. Every detail, from the supportive backrests to the resilient elastic webbing, is designed for a sofa that feels as incredible as it looks.
