

Ravine Outdoor Teak End Table

405.00 €

This collection is crafted from sustainably harvested Grade-A teak wood, selected for its natural beauty and durability.

Artisan-crafted teak finishes are hand-applied using a wire brush to subtly distress the wood followed by staining the pigment onto the surface.

Small imperfections may expose underlying teak wood. If left uncovered, finishes will gradually fade and acquire a beautiful silvery-grey patina (typical of untreated teak wood), adding unique character to your piece.

Teak hardwood contains natural oils that repel insects, prevent drying, and resist moisture. Teak is also resistant to fungal decay, rotting, and warping due to temperature or humidity.

Protect your outdoor furnishings with resilient Agora® covers—specifically tailored to fit Siena living outdoor collections. Call, email, or live chat with our Design Team for details.
