

Meave Solid Mahogany Nightstand

855.00 €

Wake up to timeless style. The Meave nightstand pairs solid mahogany with petite brass pulls for a refined bedside companion that feels both heirloom and now. Two solid beech drawers glide shut in whisper-quiet thanks to soft-close metal runners and dovetail joinery. Hand-layered lacquer protects the wood's natural grain, so every piece tells its own story—no two finishes are ever the same. Sturdy engineered hardwood reinforcement means this table is ready for stacks of books, late-night cups of tea, and tomorrow's outfit laid out on top.
