

Charred Teak Console Table

1890.00 €

Meet the Seminyak: a slim console sculpted from reclaimed teak, then flame-kissed using the Japanese Shou Sugi Ban technique. The result is a deep, smoldering black that still lets the wood's grain shine through. No two boards are alike—expect knots, splits, and warm brown flashes that survived the burn. A hand-rubbed wax finish locks in the look and shrugs off daily scuffs. Slide it behind a sofa, in an entryway, or under a wall-mounted TV for instant, earthy edge.
