

# Grady Artisan Executive Desk

2280.00 €

Meet the Grady Executive Desk, where heritage craftsmanship meets modern functionality. Each piece is meticulously handcrafted from reclaimed European oak and sustainably sourced solid oak, showcasing unique saw marks, cracks, and joint lines filled with elegant black resin. No two desks are exactly alike. Our artisans hand-sand the surface and apply rich glazes to enhance the wood's natural grain, finishing with a protective matte lacquer. The result is a stunning, one-of-a-kind desk built to last. Features include deep drawers with solid iron handles, smooth under-mounted glides, and a versatile file drawer that adjusts for both legal and standard folders.
