

Grady Waterfall Desk

1949.25 €

Grady pieces finished in Northman Oak or Northman Sable are handcrafted by artisans from reclaimed European oak, sustainably sourced solid oak, and oak veneers.

Reclaimed European oak used in cabinet doors and drawers is salvaged from wood beams—showcasing natural weathering, unique cracks, joint lines, and saw marks that make each piece one-of-a-kind.

Cracks in reclaimed oak are filled with black resin to ensure a smooth surface and add unique detail to each piece.

Grady pieces finished in Northman Cinder are made from sustainably sourced new oak.

Surfaces are hand-sanded, coated with several layers of rich glaze to emphasize the wood's natural beauty, then sealed with a matte lacquer for added protection.

Natural wood may display small splits, knots, or other organic features that will add character to your piece without affecting its quality or performance.

Drawers sit atop under-mounted glides.
