

Asher 6 Drawer Solid Wood Dresser

2160.00 €

Meet the dresser that masters the balance of rugged and refined. Six deep drawers glide open on hidden tracks, revealing storage ready for seasons of wardrobes. Hand-built from white oak or Finnish pine, each frame is corner-blocked with old-world mortise-and-tenon joints—no wiggle, no squeak. A brass-finished zinc pull opens to reveal a stone top that's one-of-a-kind; natural veining means yours will never have a twin. A hand-rubbed stain and protective lacquer lock in glow while discreet levelers keep everything poised, even on crooked floors. Simply put: heirloom strength, modern calm.
