

June Oak Display Cabinet

2520.00 €

Hand-built in Indonesia from solid oak, the June cabinet turns storage into a showcase. A sun-washed finish, shiplap back paneling and antiqued reeded hardware give it the soul of a found vintage piece. Glass doors open to three upper shelves (two adjust) for treasures, while the lower cupboard hides media gear behind cord-ready panels. Brass-capped feet finish the look. Sturdy, timeless, and ready to elevate any room.
