

Asher Bed

2280.00 €

Asher pieces with a Honey finish are constructed from white oak wood with oak veneers; Liath Smoke, Ebony, and Mocha finished pieces are constructed from Finnish pine with oak veneers.

Headboards are expertly upholstered in either our Crypton® Beacon Natural Home Performance fabric or Hayes Snow Performance fabric; extremely durable and stain resistant fabrics that remain beautiful and soft to the touch.

Craftsman-built pieces feature reinforced mortise-and-tenon joinery for added strength and stability.

Wood surfaces are hand-stained with a striking finish and protective lacquer for subtle sheen.

Low-profile frame is designed for use without a box spring or platform.
