

Belmont Dining Table

2160.00 €

Dining Tables are handcrafted with durable, solid oak and oak veneer tops complemented by solid Finnish pine bases.

This collection is artisan-crafted from natural wood with hand-applied finishes. Each piece will vary in color, pattern, and texture, making each truly unique.

Siena living finishes may change over time, and natural wood may display small splits, knots, joint lines, or other features that will add character to your piece without affecting its quality or performance.
