

Asher Reeded Oak Writing Desk

2400.00 €

Sculpted reeded drawers and a bluestone or marble slab turn everyday work into a luxury experience. The Asher desk pairs craftsman-built oak or pine frames with reinforced mortise-and-tenon joints, so it stays rock-solid for years of late-night ideas. A discreet center drawer—opened with a light-brass zinc pull—swallows laptops and notebooks, while hidden levelers keep the surface wobble-free on any floor. Choose Honey-finished European white oak or deep-toned Finnish pine; both are hand-stained, lacquered, and ready to mix with the full Asher collection.
