

Callahan Shagreen Nightstand

1275.00 €

Midnight storage, reimagined. A quiet companion that keeps glasses, books and secrets within a single, soft-close drawer wrapped in hand-embossed shagreen leather. Choose Sparrow walnut or Bone oak—both ride on English dovetail joinery and lacquered hardwood that glows under brushed-metal hardware. The drawer glides like silk, then hushes itself shut while you sleep. One touch and the night belongs to you.
