

Grady Reclaimed Oak Waterfall Console

1102.50 €

Raw European history meets modern lines. Each Grady console is sculpted from weathered reclaimed oak, resin-filled cracks tracing decades of story beneath a hand-rubbed sable glaze. Waterfall mitered edges let the grain dive seamlessly from top to floor, while matte lacquer locks in the rustic-luxe finish. No two boards are alike—expect knots, saw marks and subtle splits that make your entry one of one. Sturdy 100% oak build, zero assembly fuss. Park it behind a sofa or greet guests at the door—this 14-inch deep silhouette delivers storage without the bulk.
