

Asher Stone Top Nightstand

1116.00 €

Crafted from solid white oak or Finnish pine, the Asher nightstand pairs hand-stained wood with a one-of-a-kind stone top. Each mineral swirl and vein is nature's signature—no two tops match. Two deep drawers glide open on hidden tracks, revealing roomy storage for books, chargers, and midnight essentials. Brass-finished zinc pulls add a quiet gleam, while discreet levelers keep the silhouette steady on any floor. Mortise-and-tenon joinery and a protective lacquer finish ensure this bedside companion stays beautiful for years of late-night reads and early coffee alarms.
