

Callahan Walnut & Brass Writing Desk

945.00 €

Meet the desk that makes work feel like a luxury. Warm walnut or oak tops float above a brass-kissed steel base, while shagreen-embossed leather panels add quiet texture under your fingertips. Hand-stained hardwood, soft-close dovetail drawers, and a lacquer finish built for daily brilliance—this is craftsmanship you can see and feel. Choose Dark Walnut on parawood or Flemish Natural on solid oak; both arrive ready to elevate any room. Note: Reconstituted leather surface is excluded from Worry-Free Protection Plan.
